Tuition: Please contact us for details.

FAQ

1. What do students do during the pre-study session?

Weekly vocabulary & subject quizzes will be conducted during this period.

2. What kinds of mock tests Noble Klass use for the test dates?

Our tests are developed by professional SAT instructors and have been successfully administered to numerous international SAT test-takers in 2023. The quality and effectiveness of these tests have been confirmed through the positive results obtained by international test-takers.

3. Will students take the mock tests on computers?

Yes, the mock tests from Noble Klass offer a fully digitalized experience, ensuring students undergo the same comprehensive test-taking environment. On scheduled test dates, students are required to bring their personal laptop or tablet PCs to the center.

4. Are the weekday study hall sessions mandatory?

While attendance in the sessions is not mandatory, we highly recommend that students participate. Engaging in these sessions allows students to observe consistent progress and attain their target scores within the desired timeframe through additional practice. Students seeking supplemental learning are encouraged to join these sessions.
